The Grand Harbor® Collection

Enhance the classic details of your home without breaking your budget.

When budget is the deciding factor, this low-maintenance, insulation-optional steel frame carriage house style garage door combines clean lines and classic charm to provide a popular style at a great value.

Accented with decorative black wrought iron hardware, these doors have the appearance of a swing-out door, but offer the convenience of modern overhead operation.

Design Configurations

Five carriage house door designs combined with three top section options complement any new home design.

Solid Top Sections

Solid top sections in rectangular, square and arch designs provide more design options to complement new home styles.

Faux Top Sections

“Faux” top sections create the illusion of a window by using a solid dark gray steel background with arch, square and rectangular grille overlays. Provides added security while creating the appearance of a real window.

Glazed Top Sections

Glazed top sections in clear or obscure glass and snap-in grilles create square and rectangular designs. Wrought Iron windows feature a black iron-look design on a “seeded” look acrylic that provides an Old World European style to complement light fixtures, entry doors and other decorative features.

Glazed Top Sections (windows) NOT available in 15'0" and 15'6" width doors.

Note: All glazed top sections available up to WINDCODE® W1. Short glazed top sections, SQ22, Plain Short and Wrought Iron (WIS), available up to WINDCODE® W6.

Contact your local dealer for door width restrictions.
